Dear Art,

Turkish Patent Application No. 30483/86  
Your ref: PM 1221 - Our file: 27843

I enclose a copy of a report from our Turkish Associates with the attached Search Report. This corresponds closely with the Search Report issued on the corresponding European Application since it was carried out by the same Examiner. I think it will be appropriate to respond to this Search Report by arguing that the citations are not relevant to the claims in your application.

I should be glad to have your comments and further instructions so that I can instruct our Turkish Associates not later than 4th July.

Yours sincerely,

P.A. SMITH
